

Cocoa Beach Fire Department

FIRE WATCH

This information is provided to clarify the requirements for a fire watch. A fire watch is the action of an on-site person whose sole duty is to watch for the occurrence of fire.

Fire Watch Requirements Fire Watch Duties

If a fire protection system fails, or there are an excessive number of accidental activations or nuisance alarms, a building owner (or their representative) may be required by the Fire Department to provide a fire watch until the system is repaired. Personnel to conduct the fire watch are determined by the building owner.

Note: A professional security company is not required.

A fire watch is also required whenever fire protection systems are in a trouble or a supervisory mode for more than eight hours. A nuisance alarm is defined as "any alarm caused by mechanical failure, malfunction, improper installation, or lack of proper maintenance, or any alarm activated by a cause that cannot be determined." (99 NFPA 72 1-4)

Owner Responsibilities

- a) Establish, instruct and maintain fire watch personnel.
- b) Notify the monitoring company.
- c) Notify the Cocoa Beach Fire Department Fire Marshal's Office that the system is not working and again when the system has been repaired. Call the Fire Prevention Division at 321-868-3249
- d) Contact the repair company to fix the fire protection system(s).
- e) If a Notice of Violation has been written, contact the Cocoa Beach Fire Department when the system has been repaired. The phone number will be on the Notice of Violation. The Cocoa Beach Fire Department may be reached during normal business hours.

Fire Watch Duties

Personnel serving as a fire watch have the following duties:

- a) Conduct periodic patrols of the entire facility as specified.
- b) Identify any fire, life or property hazards.
- c) Notify the Cocoa Beach Fire Department if a fire is discovered by calling 9-1-1 with the exact address and type of emergency.
- d) Notify occupants of the facility of the need to evacuate. If the sirens or public address function of the alarm system are still functional, use them to assist with evacuation of the building.
- e) Determine at least one means of direct communication with the Fire Department. A telephone is acceptable.
- f) Maintain a log of fire watch activities.
- g) Have knowledge of the location and use of fire protection equipment, such as fire extinguishers.
- h) Fire watch personnel cannot have other duties besides their assigned fire watch. However, the Fire Department may designate other duties.

Note: The fire watch will not perform fire-fighting duties beyond the scope of the ordinary citizen.
